Agricultural Research Service
UNITED STATES DEPARTMENT OF AGRICULTURE
in cooperation with Office of Education
DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

This compilation of titles of theses pertaining to home economics and related fields has been assembled at the request of the American Home Economics Association. The chief purpose is to aid research leaders in planning programs and in advising graduate students in the choice of theses topics. The titles indicate attention to specific research topics during the last year, and the summary counts show the relative emphasis in major fields of research and at different institutions. The author index together with the list of graduates receiving master's degrees without theses provides a list of persons receiving advanced degrees in specific professional fields relating to home economics.
